

Firecracker Cruise 2022 Recap

We would like to thank all who participated in this year's Firecracker Cruise – you made this a successful and fun cruise. Although rain forecast, we ran into a few sprinkles and quite a bit of sunshine. On the way back to the Twin Cities, we drove through a brief rain shower but nothing serious. Good thing Corvettes do not melt in the rain.

There were about 42 people in 23 cars. It was a very manageable size cruise. No one took a wrong turn or got lost! We toured scenic areas around Prescott, River Falls, El Paso, Ellsworth, and Plum City – all western Wisconsin communities. Some new roads were discovered, and some favorites revisited. The cruise ended at Molly's on Main in Plum City for lunch with good food and service.

We also want to thank Roger Dahlquist for taking photos of the cruise. His efforts are appreciated!

Safe driving!
Dave & Bonnie Schmuck
